

Hi Rory and team,

I would first like to start out by expressing how much I admire all of you and the hard work you put into enriching the lives of so many animals.

I am interested in adopting a dog through your organization, but I want to fill you in on my situation and see if you think it would be a good fit. I'm 20 years old, live in Vancouver, BC and I currently work for a dog walking company. I had looked online at dogs at several shelters, but when I got to your website something unexpected happened - I fell in love with a little chihuahua named Andy. I wasn't looking for a dog for myself at all, but since I saw his picture and read about him I can't get him out of my head!

I feel that I would be a good candidate to adopt because not only do I currently work in the industry, but I have experience with adoption. Basically every part of my life is dog friendly and I would like a little companion I can bring along.

Thank you very much for your time,

Avril
