

Hi Rory!

This is Katelyn and Libby, we came to you back in November to add "Kiwi" to our new family! He now goes by the powerful name of Queso. We found it only suiting to name our Mexican Chihuahua after a cheese dip!

I realize much time has passed, but I thought it was time for an update on our little man.

First let me start by saying how unbelievably grateful we are that we made that long drive from Kamloops to Canmore to see the dogs you had. Queso has changed our lives dramatically, and the love we have for him could not be written in a measly email! He has made such an impact on our lives, and for that we thank you! We can still remember when we first saw him amongst the pack of excited dogs, sitting there with his brown vest on and staring at us. He knew we were the ones for him, and he waited patiently for us to notice. He still looks at us the same as he did that day, filled with gratitude, loyalty, and love.

He's done a lot with us in the past few months. We started out in Kamloops where he got to experience the dry city and the river! While we were out west, we traveled to Vancouver for a weekend, Kelowna, and Revelstoke. He took his first swim with us in Revelstoke and is slowly liking the water more and more each day! Due to a family situation, he's recently made the long DRIVE across Canada, back to Toronto where we are spending the summer. He was a pleasure to drive with, sleeping all day and looking out the window. He goes to the dog park every night in Toronto to see his friends and play. We taught him to play! He now has an entire closet of toys and loves to fetch and chew. He's a great listener and just learned how to sit perfectly in the last few weeks! He's such a smart little guy!

We bought him a great lifejacket a few days ago and have been taking him swimming in preparation for a small camping trip we are going on this summer. He's learning how to swim, and has SO much energy! We are really excited to show him Northern Ontario, camp fires, and s'mores.

Queso is an absolutely wonderful dog. He is SO loyal and appreciative of all that we have done for him, though in reality, we truly believe he has done so much more for us. Thank you Rory for giving us this amazing little man, he continues to change our lives on a daily basis. You should

also know that when it is time for our next family addition, we'll be making the trip back to you and your crew of amazing dogs!

Hope all is well in Canmore!

Cheers,
Katelyn and Libby
