

Dear New Puppy Owners:

Our family brought home a registered German Shepherd puppy when he was three months old. We were given Rory O'Neill's name to contact regarding training and are we ever pleased that we were able to have her work with our puppy.

Immediately, Rory gave us (the dog and our family) specific behaviours to begin working on. Within minutes of Sarge meeting Rory, he was focused and excited to learn.

Our puppy continues to grow, yet we have no concerns about his behavior in public or at home. Rory has given Sarge and our family extreme confidence and great behaviour. Each session Rory worked on a new skill and continued to reinforce the previous lessons. We are thrilled to take our dog out as we have the confidence he will listen and behave around other people and dogs.

We realize the training will be an ongoing lesson, but we feel Rory has given our dog a superb base training. We would highly recommend Rory for new puppies as well as any behavioural concerns. Her ability to understand the dog's needs is phenomenal. Thank you Rory.

Yours truly,

Kelley
